

Shear Genius 2: Episode 3

“Red Carpet Worthy” Insider Tips for Getting the Winning Look

Nexus® Salon Hair Care, makers of *salon-proven and genius approved* hair care products, is back as the stylists choice to win on the second season of BRAVO's reality competition series, "Shear Genius." Nexus Editorial Director Roy Teeluck shows that with the right products and a few simple steps anyone can achieve *genius*, just-from-the-salon-style at home.

Recap of Show

Anxieties ran high during this week's short cut challenge when contestants had to style some extremely long hair without ever picking up a pair of scissors. Celebrity stylist Campbell McAuley judged the resulting up-dos on creativity and use of accessories. Nekisa and Nicole rounded out the bottom two for lacking direction and playing it too safe. Matthew and Charlie were the most successful, and Matthew came out on top for his bold, dynamic work. He proceeded to spend the rest of the episode talking incessantly about how much he loves his wife.

The elimination challenge found the stylists matching a red carpet look of their choosing to a dress their client was to wear. Glenn, Charlie and Gail were the judge's top three, and Charlie's polished blonde wave won him immunity once again. Paulo, Nicole and Matthew performed the worst, but for committing the cardinal sin of ignoring his client, Matthew was the one told to go home. He was thrilled to return to his wife though. Apparently he loves her very much.

This week's "how to get the look" from Roy

To get red carpet ready, choose a classic style that compliments your dress. Remember, your hair can be one of your greatest accessories!

- For hair that has recently been colored, make sure to shampoo and condition your hair with color safe products. Try **Nexus Color Assure Shampoo** and **Nexus Color Ensure Conditioner** to keep the color looking vibrant and fresh.
- Apply a volumizing mousse such as **Nexus Mousse Plus** to the crown to build body.
- Then, work in a styling lotion, like **Nexus Versastyle**, from the mid-length to the ends to help add definition and control to your style.
- Then, work in a styling lotion, like **Nexus Versastyle**, from the mid-length to the ends to help add definition and control to your style.
- Once hair has cooled, remove rollers and divide hair into large sections. Take the front section and set aside. Curl the other sections using a large barrel roller. Pull hair to one side and secure with bobby pins.
- To create the classic marcel wave, take the front section of hair and curl once using the large barrel curling iron. Position hair into a stylized wave and clip in place. Spray the wave liberally with a stronghold hairspray such as **Nexus Maximum** to help hold the shape.
- Remove clips. Finishing look with an additional misting of hairspray.
